A. Important Safety Notification

- Read the instruction manual carefully before use. Save the manual in the near location for further reference.
- Use only parts or accessories, especially power adapter, recommended by the manufacturer; unapproved parts may be hazardous and cause injures to the product or human.

WARNING:

IF ANY FUNCTIONAL PROBLEMS OR DEFECTS OCCUR WHICH ARE ATTRIBUTABLE TO IMPROPER USE OF THE PRODUCT SHALL VOID THE WARRANTY.

- Refer servicing to qualified personnel only.
- Do not attempt to repair or dissemble the product on your own. Opening or removing cover can expose you to dangerous voltage or other hazards.
- Before plugging the power cord into the AC inlet of the power supply unit, make sure that the voltage applied to the power outlet is within the specified range (100VAC ~240VAC). Improper power source voltage range will cause damage to the power supply unit.
- Power off the product and remove the power adapter while cleaning the system.
- Before powering on the product, make sure all the connectors, cables are firmly installed.

Important Safety Notification

- Do not expose the product to rain or moisture, such as a bathtub, a washbowl, a kitchen sink, a laundry tub, and a swimming pool.
- Do not expose the machine under direct sunlight, and keep it away from any heat source.
- Do not place the product on an unstable location, stand or table. If the machine falls, it may injure a person or cause serious damage to the appliance.
- Do not allow anything to rest on the power cord.
 Do not locate the product where people may walk on the cord.
- Do not make the power outlet and extension cords overload. Overload can result in fire or electric shock.
- If any of the following situations occurs, unplug the product from the power outlet immediately and consult with a qualified service person:
 - 1. The power cord or plug is damaged or frayed.
 - 2. Liquid is spilled into the system.
 - 3. The product is dropped and damaged.
- Use a soft cloth to clean the product when it is dirty. In case the dirt is hard to remove, use a mild detergent and wipe the product gently.

Turn OFF and unplug the product before cleaning.

• When the product is not in use, clean and stores it with care.

B. Product Overview

Main Features

- Compact and Stylish Design
- Cost-effective for various printing applications
- Halt-on protect function for over heat (60°C)
- Interface: serial, USB,
- Cash drawer connection port (RJ-11)
- Compatible with ESC/POS print commands set
- Full system drivers support
- User friendly, drop-and-print paper installation
- Simple paper jam elimination
- Multiple Language fonts selectable
- Barcode printing support
- QR code printing support (optional)

C. Installing your Printer

Connecting Your Printer

Please check the printer and the supplied accessories before Installation. It's recommended to read the entire instruction manual prior to the installation.

- 1. Place the printer on the designate location.
- Detach the I/O Port Bracket.
 Plug the connector of Power Adaptor to the printer.
- Use the supplied Printer Cable and connect to the Host PC.
- 4. Plug the Power Cord to the Power Adaptor and then plug to the power outlet.
- 5. If there is a Cash Drawer to be connected, connect the RJ-11 cable to the printer.

Install/Replace the Paper Roll

- 1. Press the Cover Release Button to open the Cover.
- 2. Roll out and install the Paper Roll with Holder into the Printer. (with the edges of the paper roll holder onto the holder slots)

Warning:

Beware of the Cutting Edge of the cutter module during maintenance in order to avoid injury to the person near the printer. Replace the Cover and tear off the odd paper using the cutting edge.

Installing the Driver of the Printer

Before installing the driver of your printer, make sure the printer is properly connected to the host PC.

To install the driver of the printer:

Before installing the driver of your printer, make sure the printer is properly connected to the host PC.

To install the driver of the printer:

- Access the website <u>www.fametech.com.tw</u> and download the driver.
- Double click the icon "PRPDRVEN.EXE" to initiate the installation.

3. Click "Next" to continue.

4. Select the Operating System.

(For example: select "Windows XP" for Windows XP

D. Appendix

1. Self Test

This function allows user to perform self-test and print out the settings of the printer unit:

- 1. Turn off the printer.
- 2. Press and hold the Paper Feed Button.
- 3. Turn on the Power Switch of the printer.
- 4. The Indicators would blink and then Release the Paper Feed Button.

Now the printer starts printing out the self-test data.

2. DIP Switch Configuration

To change the setting of the printer manually:

- 1. Turn off the printer.
- 2. Loosen the securing screw of the Protective Cover.
- 3. Remove the Protective Cover.
- 4. Adjust the switches to configure the printer.

DIP Switch Setting

Function DIP Switch

DIP	Function	ON	OFF
SW-1	Paper Cutter	No	Yes
SW-2	Audio Alarm (Beeper)	Yes	No
SW-3	Print Density	Dark	Light
SW-4	Two-byte Character Code	No	Yes
SW-5	Black Mark	Yes	No
SW-6	Reserved		

Baud Rate Setting (DIP-7, DIP-8)

SW-7	SW-8	Baud Rate
ON	ON	38400
OFF	ON	115200
ON	OFF	9600
OFF	OFF	19200

3. Paper Jam Elimination

When printer cutter jammed and the top cover cannot be opened, you can eliminate the jammed paper by re-initiating the printer:

- 1. Turn off the power switch.
- 2. Restart the printer.
- 3. The cutter will return to normal status and you can open the top cover to remove the jammed paper from the cutter.

Maintenance Cover

If the printer fail to return to the normal status and top cover cannot be opened:

- 1. Pull out the Maintenance Cover.
- 2. Use a cross screw driver to adjust the cutter position.
- 3. Keep adjust the cutter position until the cutter move forward with the jammed paper.
- 4. Remove the jammed paper with care.
- 5. Use the screw driver to adjust the cutter back to the normal position.
- 6. Re-install the Maintenance Cover.

4. Code Page Setup

- Access the website <u>www.fametech.com.tw</u> and download the utility files.
- Click the folder "SetCodePage" to access the software
 SetCodePage
- Double click the icon "Setup.EXE" to initial installation.
 ions to install the utility.

Code Page Setup Utility

This utility can help user to setup the code page of the printer.

Note: Before Setup

It may need to re-configure the printer prior to the codepage setup (e.g.: DIP switch).

It's recommended to consult the technical personnel relating to the information about the code page and application.

Interface

User can establish communication with printer via this menu. Select the proper submenu by the connection type of the printer.

For Serial COM Port:

Select the proper COM port and baud rate to establish communication.

😒 Set Receipt Printer Default (Code Page Font U	tility
